

Energy City Game Strategy and Reflection

(Click on the Image Below for a Link to the Game)

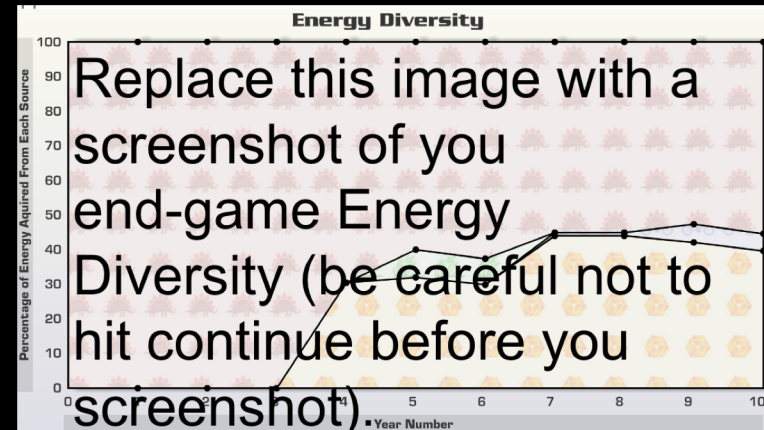

Energy City Game Introduction

Energy City Game 1 Reflection

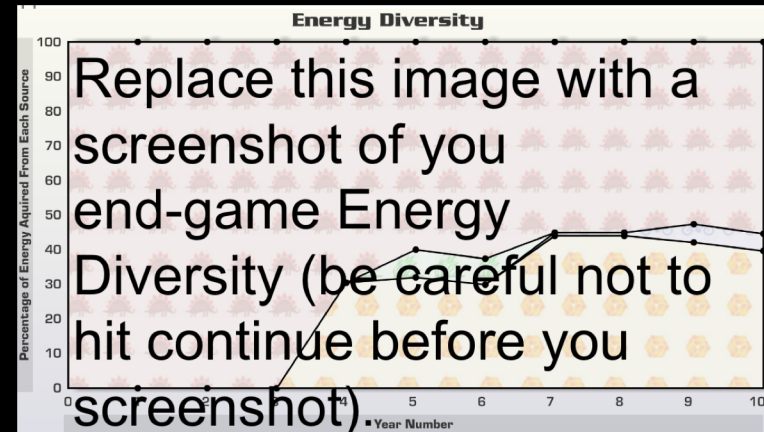

Play your first game of Energy City

- ❖ What was the strategy you used?
 - [Click Here to Type](#)
- ❖ What did the game capture about power production that learn/found interesting/was new to you.
 - [Click Here to Type](#)
- ❖ You probably failed during the first game and even if you didn't, you likely could be more successful. What thoughts will you take into the next game?
 - [Click Here to Type](#)

Energy City Game 2 Reflection

- ❖ Before your second game: What is the strategy that you will use?
 - [Click Here to Type](#)
- ❖ Pause at year 5: How are you balancing the resources you have at the start of the game with the resources you have invested in?
 - [Click Here to Type](#)
- ❖ At the end of the game, what happened? Did you win or lose? What can you do better for your next game?
 - [Click Here to Type](#)

Energy City Game 3 Reflection

At the end of your third game complete the following:

- ❖ What are the differences between the four energy strategies (Non-renewable, Inexhaustible, Conservation, Renewable)?
 - [Click Here to Type](#)
- ❖ How does early research play a role in future success in the game?
 - [Click Here to Type](#)
- ❖ Why is it important in the game to diversify your power options? How could this be true in the real world?
 - [Click Here to Type](#)
